57 SAFARI

Dubai Desert Conservation Reserve

THE SPIRIT OF 57

57 Safari was created to reveal the desert at its finest: timeless, authentic, and full of heritage. We designed an experience that slows down, offering guests comfort, culture, and luxury beneath the desert skies.

The name 57 is inspired by the year 1957, when the Land Rover became a symbol of status and progress in the Emirates. Today, we honor that legacy with vintage Land Rovers and experiences that celebrate Arabian traditions.

From falconry and camel rides to fine Arabic-inspired dining under the stars, every detail of 57 Safari is crafted for those who seek more than a safari. It is a memory to be treasured.
